ثلاثة أموريجب الحذر منها

التحفيز وأنواعه

التحفيز الخارجي...that we get from our surroundings. يالتحفيز الداخلي...it's the generator inside us that keeps us moving regardless of the external factors.

رکز علی دورك

Don't focus on other people's part...out of your control.

Take the initiative and focus on your part...it's under your control.

Think about yourself and try to detect what went wrong in the first time.

We can't take the same route and expect different outcomes.

العادات...

Habits are the things we do repeatedly.

Most of the time we are hardly aware that we have them.

هل نحن من نصنع العادة، أم العادة تصنعنا؟ Focus on the effort...not the results.

No time for blame, guilt and negativity.

Store your energy and use it in the right way.
